

DOMINIC SCHIPANO

Director

Dominic is the National Executive Officer for CITT, a 'not for profit' national Industry Training Organisation with 35 years experience dealing extensively with industry and government, working to implement VET ICT programs and strategies. CITT also manages the TITAB Australia Cabler Registry Services, one of the 5 Registrars approved by ACMA.

Dominic has over 35 years experience in the implementation of training and employment strategies, focused on the needs of ICT industry and employer organisations.

Dominic assists a number of companies with the implementation of qualifications, Traineeships and/or skill sets within the Telecommunications sector and sits on the Boards of:

- Australian Communications Electrical Alliance (ACEA),
- Telecommunications Industry Training Network (TITN),
- Electrical Printing and Information Communications Training Board (EPIC),
- Australian Digital Television Industries Association (ADTIA),
- Media Industry Technologist Certification (MITC),
- Call Centre/Customer Contact bodies and other various government committees

Also assisting the State Industry Skills committees with implementing ICT skills in schools and enterprises. He is also actively involved in the development of the cabling programs in schools, Cadetships for the ICT industry and reviewing the auditing requirements for this training.

Dominic holds a Bachelor of Business (Admin), Grad Cert Management and a Grad Dip Vocational Counselling
