

ALEXI BOYD

Interim Chief Executive Officer

Alexi Boyd is COSBOA's interim CEO for the months of June, July, and August 2021.

A fully qualified BAS agent, Alexi has over 20 years experience working with small and family businesses in addition to running her own bookkeeping practice, where she supported countless small and micro businesses in their journeys.

She has hosted her own community radio show and podcast dedicated to small business education and advocacy since 2014. On 'Small Biz Matters' she interviews federal regulators, advocates, politicians, authors, and experts in their small business field.

Guided by her experiences, Alexi will advocate for policies which strengthen small business owners' ability to feel empowered and in control of their own journey.

Alexi is heavily involved in her local community and understands the important role that small business plays. In her roles as VP of the Hornsby Chamber of Commerce, Hornsby Council BMAC committee, and through volunteer work in environment and education, she continues to fight for small businesses at the grassroots level; and now on the national stage.

During her time as Interim CEO, Alexi will be splitting her time between Canberra and Sydney.
